

PROCESS RELEASE

Purchase Approval

Version 2.1 · Effective 20 September 2026

Process Owner Aishwarya Menon

Approved by Aishwarya Menon

Guardian Vishnu Rao

Fast approval with visible control

Purpose

Approve necessary purchases quickly while keeping spending controlled and visible.

Business problem

Routine purchases wait more than 48 hours because every amount depends on one manager.

Expected outcome

At least 95% of complete routine requests are approved within 24 hours.

One dependency removed

ADDED

Operations Lead may approve complete requests below INR 25,000.

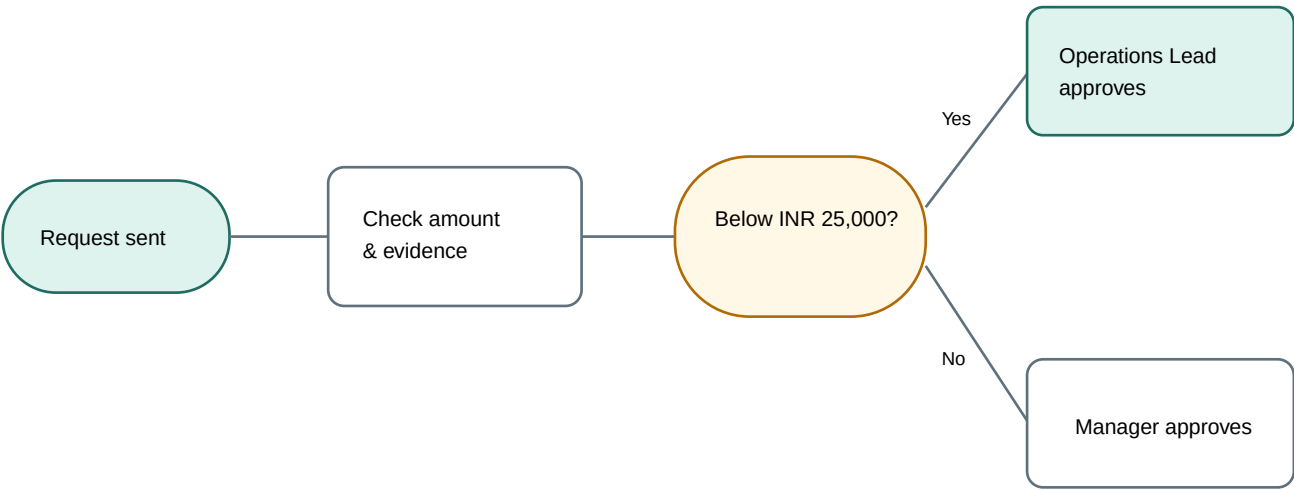

REMOVED

Manual WhatsApp approval for routine requests.

UNCHANGED CONTROL

Manager approval remains required for INR 25,000 and above, exceptions, and requests with incomplete evidence.

Purchase approval flow

Responsibilities and evidence

1 • Finance Coordinator

Action: Check amount, supplier, business need, and evidence.

When: Within 4 hours

Evidence: Complete request record

2 • Operations Lead

Action: Approve requests below INR 25,000 when complete.

When: Within 24 hours

Evidence: Timestamped approval

3 • Manager

Action: Review higher-value requests and exceptions.

When: Within 24 hours

Evidence: Timestamped approval or reason

4 • Finance Coordinator

Action: Record the decision and notify the requester.

When: Immediately

Evidence: Decision notification

EXCEPTIONS AND ESCALATION

When normal flow cannot continue

Missing evidence

Return to requester. Do not approve until required evidence exists.

Threshold uncertainty

Escalate to the Manager. Record why delegated approval was not used.

SUCCESS METRICS

Approval SLA

95% of complete routine requests approved within 24 hours.

GO-LIVE / CHANGEOVER

Old method stops: 19 September 2026

New process begins: 20 September 2026

Acknowledgement

I reviewed Purchase Approval version 2.1 and approve it for the stated effective date. This is an operational acknowledgement and is not represented as a legally binding digital signature.
